SUBJECT:

Reaction Reporting

and

50X1

Security Handling of Air Defense Result-
ing from

50X1

I have reviewed your paper, [] on
the above subject and I concur wholeheartedly in the two
recommendations contained in paragraph 7. It would seem
extremely shortsighted on our part to continue a policy which
is denying us information within the intelligence community
and also hampering adequate military planning on the part of
the U. S. and our allies.
